ROPER HOME INFUSION THERAPY

Roper Home Infusion Therapy is the only hospital-based infusion provider in the Lowcountry. Continuity of care from the hospital to home is ensured with our highly trained healthcare professionals who are committed to giving patients the best possible care in the convenience of their own home. We serve South Carolina’s southeastern coast and are Joint Commission accredited.

OUR SERVICES

We are committed to ensuring that our infusion therapy patients’ needs are met while at home. We will assist the patient and/or their caregiver in learning how to manage infusion therapy needs. Services are customized to meet patients’ needs based upon doctor’s orders. Knowing that no two patients have the same home infusion needs, we carefully assess the needs of each patient and develop a plan of care to meet those specific needs. Services are provided under the direction of licensed pharmacists.

Services offered include:

- Total parenteral nutrition
- Total enteral nutrition
- IV antibiotic therapy
- Pain management therapy
- Chelation therapy
- Chemotherapy
- Injectables
- IV hydration
- Central line maintenance
- Antifungal therapy

Benefits of using Roper Home Infusion Therapy:

- Pre-discharge conferences
- Individualized patient and family education
- Customized pharmacy compounding
- Dependable home delivery of supplies with a maximum turnaround time of three hours in Charleston, Berkeley and Dorchester counties
- 24-hour staff availability
- Clinical feedback to doctors
- Clinical monitoring of response to therapies
- Routine monitoring and communication of lab results to doctors
